To Whom It May Concern:

I am a 67 year old male with diabetes, neuropathy, and hypertension. Early this summer, I broke my foot and had to wear a "boot" for three months. The bone was not healing like the Podiatrist expected. So, I decided to explore the option of acupuncture. After a month, on a twice a week regimen of acupuncture the bone healed to the surprise of the doctor.

Dr. Hui Wei was excellent. I want to thank her for making my experience with acupuncture therapy a great one.

Sincerely,
